

---

Currently I am a store manager for Abbotsford Bible for Missions. I have been a manager in 2 different non-profits and am familiar with the process of working together with a board, following Roberts Rules, as well as working in committees for specific projects such as: health and safety, policy development, and volunteer recruitment.

My volunteer experience includes coaching volleyball, basketball, track & field, and softball. I've taught adult aerobic classes and organized many community events over the years including: a 10km run, bowl-a-thon, fashion shows, bake sales, raffles, and coffee houses. I've served in my church as a coordinator of women's groups and children's pastor, as well

as participant in outreaches to the homeless. I served on the Surrey Homelessness Task Force in 2013.

I am keen to contribute to the Board of Education to create a positive and collaborative environment that strives to offer accountability and transparency to the stakeholders in our community. I am committed to safe and caring schools for all, fiscal responsibility and creating a community where students can thrive. It would be an honour to serve the students, parents, teachers and taxpayers of Abbotsford School District 34, so please vote for Kathryn Sobko in these important elections on October 20th.

Authorized by Kathryn Sobko, Financial Agent
